## Freshers Week

Our welcome at Manchester actually lasts longer than a week, we have International Students arriving in the city for orientation a fortnight before the start of term along with many of our returning students arriving back early.

We have over 46,000 students studying at the University of Manchester so it is fair to say that our Freshers Week is one of the biggest and best in the country attracting high footfall and engagement making it the perfect location to showcase your brand or product.

Many of our students are away from the parental home for the first time and university life gives them the opportunity to decide which brands to buy, use and trust. This means that there is great potential to create long-term brand loyalty if communicated to successfully.

The start of the academic calendar offers some of the most valuable marketing opportunities of the whole year. Manchester Freshers is an intense fortnight where over 12,000 new students are introduced to university life. We have a range of marketing channels available during this period giving you a great opportunity to promote your brand and potentially create lifelong customers.

In addition to the marketing opportunities included in this pack we have an array of additional opportunities so whatever your marketing objectives, we have the channels to connect you with our students.

## Online Advertising

Our website is the heart of the Union's digital presence receiving monthly traffic in excess of 20,000 unique visitors, providing students with the latest in news and events. A hub of information and a channel to measure student engagement, our banner adverts provide the perfect visual opportunity online.

Through the use of URL linking, our banners provide an effective method for directing students straight to your website, increasing traffic and awareness.

The site starts to get pretty busy from A-Level results day, so advertising early with us is a great way to reach out to students before they arrive in Manchester. Needless to say, traffic increases even further during Welcome Week with society online registrations, attracting over 64,500 unique visitors.
